Marine Business Area recommends customers to always have the latest software and firmware installed to benefit from the latest functionality updates and security enhancements. We recommend updating to Visionline version 1.27.0 or later.

Rest assured safety and security remain at the core of what we do. Accordingly, we consistently monitor, assess, and optimize our protocols to better ensure the safety and security of our users and technology.

We continuously update our Security Resources Centers with the latest information related to security concerning our products and services and you can find more information about any Security Advisories: <https://www.assaabloyglobalsolutions.com/en/about-us/product-support/security-center/security-resources/>
